Attn: Parole Board Members

This letter serves as my complete support in the return to society of Donald Cronk. I have become aquatinted with him through his fiancee, Kathleen Giono whom I have known since elementary school. I was privileged to enter San Quentin and personally meet Don a few years ago (it was important to me to know Kathleen was not simply being emotional) and it was this meeting that gave this full recognition to a very special man. I am a registered nurse at Sacred Heart Medical Center in Eugene Oregon. I work ICU full time and have many encounters with societies ill, hopeless, addicted, and lost members of society. In my ongoing assessment, Don simply does not fit anyone who is lost. By any standard he has accomplished a lot with limited access, and he exhibits full motivation. From written communication, along with Kathleen's support I have continued to follow Don's progress.

It is with the above I feel very supportive of the Board releasing Don back to living. I am willing to pledge \$50 per month for his first year of release in support of his financial obligations. I also have involved myself with Al-Anon, CAFA (Christians Addressing Family Abuse), and re-entry programs through the MSW workers I am associated with at Sacred Heart hospital, and would be a contact in Oregon should the parole board allow out of state visiting. He and Kathleen would be welcomed in my home any time. I believe there are incredible natural discoveries in Oregon's landscape that are healing, so I would not just host him to visit, but encourage his arrival. My son in law (Eugene Fire Captain Michael Kenworthy) is a river guide and available to show Don even closer the majesty of God's work here. If Kathleen were unavailable to travel north, my father, Reginald Pearce (retired USAF Lt Col and Electrical Engineer Standard Oil Calif) has offered his spare room to Don.

I close with a plea to the Board to allow Don to be reunited with the joy of what his prepared heart has to offer to the "outside" world. It is without reservation that he will be held accountable to my very special friend, but especially to his confessed faith in God.

Sincerely,

Patricia Cabral
Patricia L Cabral

Greetings, Board Members,
I am Donald Crooks' oldest sister,
writing again to ask for your gracious
consideration to release him from
your prison walls. I have
written you in the past and
listed his many, and I feel his
very worthy accomplishments while
in San Quentin. I know that
some of you are very aware of them.
My husband and I have been
married thirty years and have
much to offer in employment,
housing, transportation etc.

I myself am a recovering
alcoholic. I'm active in the
12 Step process. I am, of course
a sponsor to many like myself.
For he continued up grading
his education, gaining certificates,
teaching self help groups, and remained
discouraging still.

I would like to thank my family
who I pray for daily. I think it
is time to go, but not
forget their hearts will never
let them forget. Please parole him.

Respectfully,

Pamela F. Hutton

Re: Donald E. Cronk

To whom it may concern,

I am Donald E. Cronk's sister, Kavie. I have lived at my present address for over 24 yrs. My husband, Ronald and I have been married since 1981. He has been employed over 35 yrs with We Energies in Milwaukee, WI. I have not worked since 4/01 due to severe health problems. Prior to my health problems I worked for 32 years, mostly in management positions. I owned my own business for a few years also. My husband and I are financially limited due to my not working. But, outside of money, we are willing to support and assist Donald in anyway we possibly can. Also, through our network of family and friends and business acquaintances, that upon Donald's release, further assistance would be forthcoming. We are very PLEASED with all that Donald has achieved and accomplished, both personally, vocationally and spiritually. I have made copies of all Donald's accomplishments and his résumé. Upon approval of Donald's release, we have no problem submitting this information to both my husband's employers at We Energies, or, the same to any or all of my friends and business acquaintances on Donald's behalf, for the purpose of seeking gainful employment. Donald will also receive our assistance in any programs that will result in bringing positive results, i.e., 12 Step, church, counseling etc. We also have plenty of transportation, here, if need be, as is housing. ^(KIK)

Donald has been incarcerated for over 24 years, however, we all feel strongly that even though a horrible crime was committed in 1980, that Donald IS most sincere and full of remorse. I am confident in this, and in my belief, that Donald has every intent to lead and promote a healthy and productive life! I know for a fact that Donald HAS learned a very valuable lesson. He has done all he can, plus more, to improve his life while incarcerated. His achievement records speak to that in themselves. My one and only prayer, has and continues to be, NOT for myself, It is for the victim's FAMILY, to please find it in themselves and in their hearts to forgive my brother Donald, and to allow me to be able to spend some time with Donald as a free man, for the time I have left. Please, accept my letter of support, as is - with all the humbleness and sincerity in which it is written. Please believe, along with me, that the time has come to allow Donald to put his merits to work as a free man.

January 28, 2005

To: Board of Prison Terms

RE: Donald Cronk C-87286, Parole Suitability Review

I wish to again submit for your review, my personal appeal regarding Don's parole suitability review. Many life term inmates have been released and were successfully reintegrated into society this past year. Don has been ready to join those other very fortunate men who earned their release. I do not believe neither Don nor society will benefit by keeping him incarcerated any longer. This man has more than earned a second chance to show society his true character and I trust he will never shame the board for making the right decision, by allowing his release.

I met Donald in 1990 thru the San Quentin S.Q.U.I.R.E.S program in which he was a member. Of all the inmates I met that weekend, he was truly one of the most genuine and honest. He was very candid with his case information and expressed deep remorse for his involvement in it. Of all the men there, I honestly felt, this man could be a trusted friend. I am personally involved in Human Resource hiring, employee appraisals and in addition completed four-years of college majoring in Psychology, I therefore consider myself a pretty good judge of character. With that said, I feel Donald's is that genuinely appropriate case, where a man has served his time well and is thereby ready for that second chance to contribute to our society. With numerous job offers, a safe home to go too and a huge group of supporters waiting to help, Don will have a very successful reintegration. I plan to help Don in any way possible from financial to employment help. I will additionally see to it that he receives my help in support program he chooses.

Thanking you in advance for your fair appraisal of Don Cronk.

Mark T. James

Board of Prison Terms

State of California

MISCELLANEOUS DECISION

FACTS

During the prisoner's March 16, 2004 life term parole consideration hearing the hearing panel stated "we are going to ask that a new psychological evaluation be performed. It will probably not be a full evaluation but we would like for the doctors to . . . provide us with an assessment. So we will get an amendment for the next hearing in 2005."

Despite the hearing panel's intent for a new psychological evaluation to be conducted, a new evaluation was not requested on the BPT 1001 form; therefore, the institution did not order an evaluation be performed for the prisoner's next hearing in 2005.

DECISION(S)

A new mental health evaluation is ordered to be conducted on the prisoner prior to his next parole consideration hearing.

RE: CRONK, DONALD E. C-87286

IMPACT was organized to educate men concerning the importance of effective parenting; to provide men with the necessary tools to reconcile with their families, and to enhance the family structure. IMPACT encourages men to change their understanding, attitude, and behavior in order to provide a positive influence and structure in their lives, the lives of their families, and the community. Consequently, reducing violence perpetrated on and by juveniles. IMPACT was incorporated in the State of California on July 7, 2001 and received the IRS determination letter approving IMPACT as a 501(c)(3) non-profit organization on April 18, 2002.

Mr. CRONK has completed the necessary training and is certified as an IMPACT Facilitator. IMPACT facilitators are the embodiment of the IMPACT message and vision. They must display personality and character traits that command respect and confidence in order to set a positive example for workshop participants. The keys to the development of the program are Accountability, Integrity and Responsibility (A.I.R.). There are a large number of men in San Quentin who have applied for the position as a facilitator, but as of this date, only twenty men have been accepted. Of the twenty men who have trained to facilitate the program, ten are/were life term inmates. Of the ten, eight have been found suitable for parole and five have been released and are currently working the program in their respective communities. As a facilitator, Mr. CRONK is required to adhere to principals and conduct nobler than those found in workshop participants so as to inspire them to follow his lead.

IMPACT serves the greater San Francisco Bay Area. This letter is to inform you that upon his release, Mr. CRONK will work as an IMPACT District Facilitator in MARIN County. Mr. CRONK will be working closely with the following types of agencies:

- Youth Intervention Programs
- Domestic Violence Probationers
- Faith Based Community Organizations
- Parole Department
- Law Enforcement Agencies

It would be in the interest of society to parole Mr. CRONK and use his strengths to help curve the ongoing violence in our communities. Your favorable consideration for parole is justly deserved.

 Rev. Earl A. Smith, Sr.
 IMPACT President/Chairman of the Board

Certificate of Participation

ABUSED WOMEN SERVICES AND VICTIMS PROGRAM

On This Day Friday, December 17, 2004

This Certificate of Participation Is Awarded To:

DONALD CRONK

29 MONTHS

His participation and attendance is above average. Mr. CRONK is Commended for his efforts in bettering himself as a man, a husband, a father, and a member of society.

- ❖ Providing tools and skill to create active peacemakers.
- ❖ Working towards ending violence in all its forms.
- ❖ Developing strategies to prevent re-occurrence of violence and abusive behaviors.
- ❖ Acceptance of responsibility and accountability for abusive behaviors.
- ❖

IMPACT extends its appreciation to Inmate CRONK for his active role as a facilitator of Session Three of the program's 16-week module entitled, "ADDICTION". Our workshops helped participants: 1. Define Treatment, 2. Investigate Different Types Of Treatment And Who Is Qualified To Provide It, 3. Discover Who Needs Treatment And Why, 4. Learn How To Find Treatment For Their Use, and 5. Commit To Seek Treatment For Addictions. Through presentations and in-depth discussions on procedures that lessen the severity of addiction participants learned how treatment is designed and evolves, and how it positively effects unwanted use. Our primary focus was geared toward different types of treatments and how a person may have to experience exposure to more than one treatment process before gaining control over their use. Workshop curriculum also focused on who is qualified to provide treatment and where it can be obtained. Inmate CRONK is to be commended, not only for his service as a facilitator, but for the example he displays in his daily life of the Concepts and Principles that make the IMPACT Program what it is.

RE: CRONK, DONALD E. C-87286

IMPACT was organized to educate men concerning the importance of effective parenting; to provide men with the necessary tools to reconcile with their families, and to enhance the family structure. IMPACT encourages men to change their understanding, attitude, and behavior in order to provide a positive influence and structure in their lives, the lives of their families, and the community. Consequently, reducing violence perpetrated on and by juveniles. IMPACT was incorporated in the State of California on July 7, 2001 and received the IRS determination letter approving IMPACT as a 501(c)(3) non-profit organization on April 18, 2002.

Mr. CRONK has completed the necessary training and is certified as an IMPACT Facilitator. IMPACT facilitators are the embodiment of the IMPACT message and vision. They must display personality and character traits that command respect and confidence in order to set a positive example for workshop participants. The keys to the development of the program are Accountability, Integrity and Responsibility (A.I.R.). There are a large number of men in San Quentin who have applied for the position as a facilitator, but as of this date, only twenty men have been accepted. Of the twenty men who have trained to facilitate the program, ten are/were life term inmates. Of the ten, eight have been found suitable for parole and five have been released and are currently working the program in their respective communities. As a facilitator, Mr. CRONK is required to adhere to principals and conduct nobler than those found in workshop participants so as to inspire them to follow his lead.

IMPACT serves the greater San Francisco Bay Area. This letter is to inform you that upon his release, Mr. CRONK will work as an IMPACT District Facilitator in MARIN County. Mr. CRONK will be working closely with the following types of agencies:

- Youth Intervention Programs
- Domestic Violence Probationers
- Faith Based Community Organizations
- Parole Department
- Law Enforcement Agencies

It would be in the interest of society to parole Mr. CRONK and use his strengths to help curve the ongoing violence in our communities. Your favorable consideration for parole is justly deserved.

Rev. Earl A. Smith, Sr.
IMPACT President/Chairman of the Board

NAME and NUMBER CRONK

CDC-128-B Rev. 4/74

have known inmate CRONK, C-87286, for approximately 11 years. Inmate CRONK has worked for me as my unit clerk for approximately 5 years. His ability and skills with office equipment and the operation of the Reception Center is to be commended. CRONK works well with staff and inmates alike and has often provided practical and insightful solutions to problems. CRONK has proved to be an asset to the operation of the Reception Center, a constantly changing and stressful environment. He can be relied upon to perform his duties without supervision when necessary. In my opinion, CRONK has acquired the abilities and education which will be conducive to his reintegration into society when he is paroled. Inmate CRONK is one of those are individuals I have seen throughout the years who in my opinion will not come back to prison.

have been a Correctional Officer for 22 years, most of that time at CSP-San Quentin. I have known inmate CRONK, C-87286, for approximately 18 years. Inmate CRONK has worked for me for approximately 6 years at different periods throughout his incarceration. Of all the inmates I interact with on a daily basis, inmate CRONK has consistently stood out from the crowd. He is clean, well groomed, and conducts himself in a healthy and positive manner. His interactions with myself and other staff has always been respectful and courteous. He gets along well with other inmates and separates himself from inmates who refuse to change their lives and/or lifestyles. Mr. CRONK is a mature, honest man, who concentrates on bettering himself, receiving an education, and helping others make a positive change in their lives as well. In my opinion, CRONK clearly understands the negative impact his past behavior has caused and has now acquired the life skills and education which will be conducive to his reintegration into society when he is paroled. Inmate CRONK is one of those rare individuals I have seen throughout the years who in my opinion will not come back to prison.

Inmate CRONK actively participated in Session Five (Conflict Resolution) of IMPACT's 16-Week Workshop on Violence Prevention with 100% attendance. Our workshop topics focused on: 1. Defining Conflict Resolution, 2. Peaceful Re-Entry After Conflict, 3. Effective Resolution Techniques, and 4. The Advantages Of A Violent Free Environment. Through presentations, in-depth discussion, and exercises related to the subject matter, participants learned to embrace the concept that peaceful resolution creates win-win outcomes as opposed to winners and losers. Our primary focus was geared toward learning effective resolution techniques that bring about equitable solutions. Workshop curriculum also focused on the Advantages Of A Violent Free Environment, and specifically how it brings an end to violence in our homes and communities. Inmate CRONK is to be commended for his participation in our workshop and for learning and incorporating IMPACT concepts and principles into his life.

Inmate CRONK actively participated in Session One of IMPACT's 16-Week Workshop on Violence Prevention with 100% attendance. Our Workshop topics helped participants: 1. Define Violence, 2. Understand Who Uses Violence And Why, 3. Learn About The Cycle Of Violence, 4. Identify How Violence Effects Our Environment, and 5. Discover How Violence Destabilizes Our Communities. Through presentations and in-depth discussions on physical, psychological, verbal, and sexual battery, participants learned to understand different forms of violence. Our primary focus was geared toward establishing a commitment to non-violence by promoting a theme that there are always alternatives, therefore violence is never an acceptable option. Workshop curriculum also focused on how violence is passed from generation to generation, and how it destabilizes our homes and communities. Inmate CRONK is to be commended for his participation in our Violence Prevention Workshop and for learning and incorporating IMPACT concepts and principles into his life.

IMPACT extends its appreciation to Inmate CRONK for his active role as a facilitator of Session Four entitled, "SELF TALK" of the program's 16 week "Violence Prevention" Module. Our workshops include the following topics: 1. Defining Self-Talk, 2. Exploring The Male Role Belief System, 3. Distinguishing Positive Self-Talk From Negative Self-Talk, and 4. Learning How To Develop Affirmations. Our facilitators present lectures and oversee group discussions relating to how the "Male Role Belief System" affects our Decision-Making Process and how Self-Talk is linked to our corresponding actions. Our primary goal in this session is to recognize the Authentic Self of an individual and to connect with the positive affirmation of others as well as our selves. Our Workshops emphasize the importance of Self-Talk in order to, not only avoid violent conflicts, but also to respond to them in an "Authentic" way that will benefit all. Inmate CRONK is to be commended for his service as a facilitator, as well as his example displayed while learning and incorporating the IMPACT concepts and Principles in his day to day life.

This is to acknowledge that inmate CRONK has participated in the First (1st) quarter meetings as a Facilitator in "OVERCOMERS OUTREACH," which is a 12-Step recovery program related to the 12-Steps of Alcoholics Anonymous and the Holy Bible. In our weekly meetings we work through a workbook called, "The Twelve Steps-A Spiritual Journey." Our discussions of self-examination, acknowledgment of character defects, restitution for harm done and working with others has been beneficial in applying a life of "recovery" for him. He should be commended for his faithfulness in attendance and his open and honest sharing with the group.

NAME and NUMBER CRONK

have known inmate CRONK, C-87286, for approximately 11 years. Inmate CRONK has worked for me as my unit clerk for approximately 5 years. His ability and skills with office equipment and the operation of the Reception Center is to be commended. CRONK works well with staff and inmates alike and has often provided practical and insightful solutions to problems. CRONK has proved to be an asset to the operation of the Reception Center, a constantly changing and stressful environment. He can be relied upon to perform his duties without supervision when necessary. In my opinion, CRONK has acquired the abilities and education which will be conducive to his reintegration into society when he is paroled. Inmate CRONK is one of those rare individuals I have seen throughout the years who in my opinion will not come back to prison.

NAME and NUMBER CRONK

C-87286

3-N-71U

CDC-128-B Rev. 4/74

I have been a Correctional Officer for 22 years, most of that time at CSP-San Quentin. I have known inmate CRONK, C-87286, for approximately 18 years. Inmate CRONK has worked for me for approximately 6 years at different periods throughout his incarceration. Of all the inmates I interact with on a daily basis, inmate CRONK has consistently stood out from the crowd. He is clean, well groomed, and conducts himself in a healthy and positive manner. His interactions with myself and other staff has always been respectful and courteous. He gets along well with other inmates and separates himself from inmates who refuse to change their lives and/or lifestyles. Mr. CRONK is a mature, honest man, who concentrates on bettering himself, receiving an education, and helping others make a positive change in their lives as well. In my opinion, CRONK clearly understands the negative impact his past behavior has caused society and has now acquired the life skills and education which will be conducive to his reintegration into society when he is paroled. Inmate CRONK is one of those rare individuals I have seen throughout the years who in my opinion will not come back to prison.

CDC-128-B (Rev. 4/74)

Inmate CRONK actively participated in Session Five (Conflict Resolution) of IMPACT's 16-Week Workshop on Violence Prevention with 100% attendance. Our workshop topics focused on: 1. Defining Conflict Resolution, 2. Peaceful Re-Entry After Conflict, 3. Effective Resolution Techniques, and 4. The Advantages Of A Violent Free Environment. Through presentations, in-depth discussion, and exercises related to the subject matter, participants learned to embrace the concept that peaceful resolution creates win-win outcomes as opposed to winners and losers. Our primary focus was geared toward learning effective resolution techniques that bring about equitable solutions. Workshop curriculum also focused on the Advantages Of A Violent Free Environment, and specifically how it brings an end to violence in our homes and communities. Inmate CRONK is to be commended for his participation in our workshop and for learning and incorporating IMPACT concepts and principles into his life.

Inmate CRONK actively participated in Session Four (Self-Talk) of IMPACT's 16-Week Workshop on Violence Prevention with 100% attendance. Our workshop topics helped participants: 1. Define Self-Talk, 2. Explore The Male Role Belief System, 3. Distinguish Positive Self-Talk From Negative Self-Talk, and 4. Learn How To Develop Affirmations. Participants were provided with a lecture on how the "Male Role Belief System" affects our decision making process and were involved in in-depth discussions on how self-talk is linked to corresponding actions. Workshop curriculum also focused on the development of affirmations and how they help to overcome negative behavior associated with violence. Inmate CRONK is to be commended for his participation in our Violence Prevention Workshop and for learning and incorporating IMPACT concepts and principles into his life.

Inmate CRONK actively participated in Session One of IMPACT's 16-Week Workshop on Violence Prevention with 100% attendance. Our Workshop topics helped participants: 1. Define Violence, 2. Understand Who Uses Violence And Why, 3. Learn About The Cycle Of Violence, 4. Identify How Violence Effects Our Environment, and 5. Discover How Violence Destabilizes Our Communities. Through presentations and in-depth discussions on physical, psychological, verbal, and sexual battery, participants learned to understand different forms of violence. Our primary focus was geared toward establishing a commitment to non-violence by promoting a theme that there are always alternatives, therefore violence is never an acceptable option. Workshop curriculum also focused on how violence is passed from generation to generation, and how it destabilizes our homes and communities. Inmate CRONK is to be commended for his participation in our Violence Prevention Workshop and for learning and incorporating IMPACT concepts and principles into his life.

Inmate CRONK actively participated in Session Three (Body Signals) of IMPACT's 16-Week Workshop on Violence Prevention with 100% attendance. Our workshop training focused on: 1. Defining Body Signals That Are A Precursor To Violence, 2. Recognizing Personal Body Signals, 3. Recognizing The Body Signals Of Others, and 4. The Appropriate Response To Body Signals. Through presentations and in-depth discussions participants learned to distinguish overt, as well as subtle body signals that alert us to impending violence. Our primary focus was geared toward creating ways to respond to our Body Signals in order to curtail violent encounters. Workshop curriculum also focused on recognizing the Body Signals of others to avoid and/or cease aggravating activities that could promote violence. Inmate CRONK is to be commended for his participation in our workshop and for learning and incorporating IMPACT concepts and principles into his life.

IMPACT extends its appreciation to Inmate CRONK for his active role as a facilitator of Session One of the program's 16-week module entitled, "ADDICTION". Our workshops helped participants: 1. Define Addiction, 2. Identify The Symptoms Of Addiction, 3. Discover Who Is/Becomes An Addict, 4. Learn What Causes Addiction, and 5. Identify The Effects Of Addictions. Through presentations and in-depth discussions on use of mood and mind-altering substances, activities, and behaviors, participants learned to understand different forms of addiction as well as their symptoms. Our primary focus was geared toward understanding the causes of addiction by promoting a theme that social use leads to dependence and dependence always leads to addiction. Workshop curriculum also focused on how addiction impairs physical and mental health, how it depletes resources, and how continued use lowers self-esteem. Inmate CRONK is to be commended, not only for his service as a facilitator, but for the example he displays in his daily life of the Concepts and Principles that make the IMPACT Program what it is.

IMPACT extends its appreciation to Inmate CRONK for his active role as a facilitator of Session Two of the program's 16-week module entitled, "ADDICTION". Our workshops helped participants: 1. Define Denial, 2. Recognize Addiction In Order To Avoid Denial, 3. Identify Signs Of Denial, and 4. Make A Commitment To Appropriate Treatment For Use. Through presentations and in-depth discussions on defensive mechanisms and avoidance of confrontation with personal problems, participants learned how the denial process unconsciously disavows thoughts, feelings, wishes, and needs that are related to addiction. Our primary focus was geared toward helping participants recognize addiction in order to avoid denial. Workshop curriculum also focused on identifying signs of denial and admitting powerlessness over addiction as a first step toward making a commitment to obtain treatment. Inmate CRONK is to be commended, not only for his service as a facilitator, but for the example he displays in his daily life of the Concepts and Principles that make the IMPACT Program what it is.

IMPACT extends its appreciation to Inmate CRONK for his active role as a facilitator of Session Three of the program's 16-week module entitled, "ADDICTION". Our workshops helped participants: 1. Define Treatment, 2. Investigate Different Types Of Treatment And Who Is Qualified To Provide It, 3. Discover Who Needs Treatment And Why, 4. Learn How To Find Treatment For Their Use, and 5. Commit To Seek Treatment For Addictions. Through presentations and in-depth discussions on procedures that lessen the severity of addiction participants learned how treatment is designed and evolves, and how it positively effects unwanted use. Our primary focus was geared toward different types of treatments and how a person may have to experience exposure to more than one treatment process before gaining control over their use. Workshop curriculum also focused on who is qualified to provide treatment and where it can be obtained. Inmate CRONK is to be commended, not only for his service as a facilitator, but for the example he displays in his daily life of the Concepts and Principles that make the IMPACT Program what it is.

On February 10, 2005 Inmate CRONK C87286, attended a comprehensive Sexual and Reproductive Health Workshop given by the San Quentin T.R.U.S.T. (*Teaching Responsibility by Utilizing Sociological Training*) for the Development of Incarcerated Men. The Sexual and Reproductive Health Workshop consists of numerous exercises to raise awareness of the risks and dangers to sexual and reproductive health, how it may be damaged and the methods by which the damage can be repaired. Inmate CRONK C87286, actively participated in this program and should be commended for his efforts toward self-improvement.

On Feb. 17, Mar. 3, 05 Inmate CRONK C87286, attended a series of comprehensive workshops on Work Ethics given by the San Quentin T.R.U.S.T. (*Teaching Responsibility by Utilizing Sociological Training*) for the Development of Incarcerated Men. This Work Ethics Workshops consist of numerous exercises to raise awareness of the importance of good work ethics. This workshop was facilitated by representatives from a cross-section of society, identified for the participants both values and characteristics associated with good work ethics. Inmate CRONK C87286, actively participated in this program and should be commended for his efforts toward self-improvement.

LIFE PRISONER: PAROLE CONSIDERATION
PROPOSED DECISION (BPT §2041)I. PAROLE DENIED*One Year*

If this proposed decision denying parole is approved, the Board will send you a copy of the approved decision, including the reasons for denial of parole, within 30 days of the hearing.

II. PAROLE GRANTED

A. Base Period of Confinement Months

Case No. Count No. Offense

B. Firearm Enhancement + Months

C. Other Crimes Total + Months

Case No. Count No. Offense mos.

Case No. Count No. Offense mos.

Case No. Count No. Offense mos.

D. Total Term Months

E. Postconviction Credit From _____ To _____ Months

F. Total Period of Confinement Months

The period of confinement indicated is a tentative decision proposed by this panel. The decision will be reviewed pursuant to BPT § 2041, and, if approved, a copy of the approved decision will be sent to you within 30 days. At that time appropriate pre-prison credits will be applied and a parole release date computed.

You will not engage in any conduct specified in BPT § 2451. Such conduct may result in rescission or postponement of your parole date.

III. If the proposed decision denying or granting parole is disapproved, you will receive a copy of the proposed decision and the reasons for disapproval. You will then receive a copy of the modified decision or will be scheduled for a new hearing, as appropriate.

1 CALIFORNIA BOARD OF PRISON TERMS

2 D E C I S I O N

3 DEPUTY COMMISSIONER BLONIEN: We are on
4 tape.

5 PRESIDING COMMISSIONER LAWIN: Thank you.
6 And all parties have returned to the room in the
7 hearing for Donald Cronk. Based on statements
8 made here today I feel the need to make an opening
9 statement of sorts and that is I really want
10 everyone in the room to understand that it is not
11 the Board of Prison Terms that negotiated a plea
12 agreement with Mr. Cronk, that was the District
13 Attorney. It is not the Board of Prison Terms who
14 sentenced Mr. Cronk to life with the possibility
15 of parole, that was the court. The Board of
16 Prison Terms is by law required to decide if Mr.
17 Cronk is suitable for parole because by law he
18 maybe entitled to parole if he qualifies for
19 suitability. So I make that statement just to
20 sort of set the record straight in terms of what
21 our responsibility and duties are and so we have
22 carried that duty out today. The Panel reviewed
23 all information received from the public and
24 relied on the following circumstances in
25 concluding that the prisoner is not yet suitable
26 for parole and would pose an unreasonable risk of
27 DONALD CRONK D-87286 DECISION PAGE 1 3/16/04

1 danger to society or a threat to public safety if
2 released from prison. This is a one-year denial
3 and it is a majority decision. That means that
4 one of the Commissioners dissented for suitability
5 and they will make their comments in a few
6 moments. But the majority decision is a one-year
7 denial and it was based primarily on the
8 commitment offense and the manner in which it was
9 carried out clearly shows a lack of regard for the
10 life and the suffering of in this case James Allen
11 who was shot to death in his home in an attempt to
12 rob him after burglarizing his home. And it was
13 carried out in a cruel manner in that Mr. Allen
14 came into his own home never expecting to find
15 those that had invaded his privacy in the home.
16 He did, because he was in the line of business he
17 was in, apparently carried sums of money as well
18 as valuables, he had a firearm and for whatever
19 reason, pulled out that firearm to defend home and
20 possessions, and in doing so shot Mr. Cronk and
21 was shot by Mr. Cronk. Mr. Allen unfortunately
22 did not survive the attack as did Mr. Cronk. And
23 the motive for this crime is so trivial. It goes
24 to the -- back to the issue of possessions, money,
25 it goes back to Mr. Cronk's perceived need for
26 drugs, money to buy the drugs with to support his
27 DONALD CRONK C-87286 DECISION PAGE 2 3/16/04

1 lifestyle. The inmate did have a very minor
2 criminal history that involved convictions,
3 involved the theft from a car which occurred in
4 1975. For that he was fined, he pled guilty, and
5 he was given 60 days in county jail. He did admit
6 that he has committed other crimes and that he was
7 involved in another robbery. Thankfully, no one
8 was injured in that and Mr. Cronk was not arrested
9 for it nor charged with it nor convicted of that.
10 But he did have an unstable social history that
11 involved primarily drug use, and by the official
12 records he was not only using cocaine, he had used
13 Valium and marijuana and used alcohol, but there
14 are indications also that he was buying and
15 selling cocaine as well. Institutionally, in the
16 Panel's view, he has not yet sufficiently
17 participated in beneficial self-help programs.
18 The doctor's report dated October 12th, 2001 is a
19 good report in a sense that it is thorough, it
20 does -- it is a positive report. What is
21 unfortunate I guess is that the doctor really does
22 not come to any conclusion for us. Normally we
23 see someone that says, based on all of the
24 interview, based on the various instruments used
25 in determining assessment of dangerousness, we
26 conclude that he would pose a low, moderate, high
27 DONALD CRONK C-87286 DECISION PAGE 3 3/16/04

1 degree of threat for future violence. The doctor
2 doesn't really provide that here, sort of dances
3 around the issue, so we are going to ask that a
4 new psychological evaluation be performed. It
5 will probably not be a full evaluation but we
6 would like for the doctors to do what they -- what
7 we believe they're supposed to do and provide us
8 with an assessment. So we will get an amendment
9 for the next hearing in 2005. In terms of parole
10 plans, the inmate has appropriate parole plans.
11 He has a place to live. He has support from
12 future wife or fiancée, and he has job offers.
13 The District Attorney's Office of Sacramento
14 County responded to PC 3042 Notices and they are
15 opposed to a finding of parole suitability, and
16 the victim's next-of-kin spoke today and read a
17 letter from the wife. Both are opposed to a
18 finding of parole suitability. The Panel makes
19 the following findings: That the inmate needs
20 continued participation in self-help, not only to
21 further delve into the causative factors for his
22 participation in this life crime, but to continue
23 to develop the skills that will allow him to deal
24 with stress in a nondestructive manner. He has
25 been doing that while in the institution but the
26 Panel believes he still has a ways to go.
27 DONALD CRONK C-87286 DECISION PAGE 4 3/16/04

1 Therefore, a longer period of incarceration is
2 required before the Board should find him suitable
3 for parole. Nevertheless, Mr. Cronk has much to
4 be commended for. The fact that he's not had a
5 single 115 since his incarceration is exemplary.
6 He's had only one 128(a) counseling chrono and
7 that was in 1988 and it was for refusing orders.
8 He retook his GED or got his GED in '93, he has
9 completed his AA and is working on his Bachelor's.
10 He has completed vocational electronics or
11 electrician becoming IBEW, International
12 Brotherhood of Electrical Workers Approved. He
13 also has developed skills in the audiovisual area.
14 He has participated most recently in IMPACT as the
15 facilitator in Overcomers 12-Step; taken
16 Evangelism and Outreach Program, Bible courses,
17 has become a Man Alive facilitator. In the past,
18 self-esteem courses, AA/NA, KAIROS, Victim's
19 Awareness, and Bible courses. He also has
20 received above average to exceptional work reports
21 as a clerk in previously -- in inmate day labor as
22 an electrician. Positive aspects of his behavior,
23 as I said, do not yet outweigh the factors of
24 unsuitability. During the course of the next year
25 we recommend that you remain disciplinary free,
26 which I have no doubt that you will do, and
27 DONALD CRONK C-87286 DECISION PAGE 5 3/16/04

1 participate in whatever self-help is available to
2 you, add to your positive program. There's no
3 quarrel with your program. You obviously are an
4 exemplary inmate and you're to be commended for
5 that. You need to keep up that good work.
6 Commissioner Blonien.

7 **DEPUTY COMMISSIONER BLONIEN:** Mr. Cronk, I
8 thought you were suitable for parole today and I
9 quote you, there's been so much said today. The
10 crime itself was extraordinarily vicious,
11 unnecessary, but the person who said that he found
12 peace with cocaine has evolved into a person who
13 would go out and contribute, in my opinion, to the
14 community. Your job this year is complex in that
15 the people who support you and wrote you all the
16 letters will be more disappointed than you so you
17 must rally their spirit, keep them behind you, as
18 you continue to move forward to eventually return
19 to the community and repay a debt so large. I
20 wish you well.

21 **PRESIDING COMMISSIONER LAWIN:** Commissioner.

22 **COMMISSIONER MOORE:** Mr. Cronk, you're -- as
23 the Commissioner has already told you, you're on
24 the right track, you're doing the right positive
25 things, continue on that path. One of the
26 analogies I like to use is a football game. Do

27 DONALD CRONK C-87286 DECISION PAGE 6 3/16/04

1 you know anything about football?

2 INMATE CRONK: Yes, Sir.

3 COMMISSIONER MOORE: Okay, well, do you know
4 about the fourth period?

5 INMATE CRONK: Yes, Sir.

6 COMMISSIONER MOORE: And what do you want to
7 do in the fourth period, you want to control the
8 ball so the other team doesn't score and you don't
9 lose. Well, that's what you have to do here at
10 this point, that's where you are in the process
11 here, you have to control the ball, continue your
12 program, control. And there's no guarantee,
13 there's nothing says that 25 is the magic number.
14 or 35 is the magic number. It is 25 to life so,
15 and what that means is that you have to be at your
16 best all the time, be prepared when you come in
17 here. Okay?

18 INMATE CRONK: Yes, Sir.

19 COMMISSIONER MOORE: All right.

20 PRESIDING COMMISSIONER LAWIN: That
21 concludes this hearing. It's 5:30. I wish you
22 luck.

23 INMATE CRONK: Thank you.

A. LIFE CRIME:

Murder 1st, PC187, Assault with a Deadly Weapon (.38-caliber) PC12022.5. Sacramento County Superior Court Case Number SAC666128. The victim's name was James Allen, age 50. Sentenced to 25 years to life with a two- year enhancement for a total term of 27 years to life. Cronk's minimum eligible parole date (MEPD) is 3/2/98.

1. Summary of Crime:

On the morning of 12-19-80 Donald Cronk and codefendant Glen Meyer went to the victim's residence and broke into the residence by entering through the bathroom window. After ransacking the victim's home in search of personal effects and/or money. The two men lay in wait armed with an unknown caliber handgun for the victim to return. When the victim returned home he noticed the dwelling had been entered and drew his own weapon before entering the front door. The victim surprised Cronk and fired several times, striking Cronk once in the arm and once in the side of the torso. Cronk retrieved his handgun from his pocket and shot once, killing the victim. After the murder both Cronk and his codefendant, Glen Meyer, fled. Glen Meyer stopped long enough to pick up the victim's gun, briefcase and a diamond ring the victim wore. During the interview for this report, Cronk recalled the caliber of the weapon as a .38 caliber Colt Detective Special. Both Cronk and the codefendant fled in opposite directions. Cronk was arrested several months later while working for a carnival in Idaho. He offered no resistance while being taken into custody.

2. Prisoner's Version:

Cronk stated the whole incident was because of his involvement with cocaine. He stated, "Cocaine destroyed me". He had a good job with a waterbed warehouse in Sacramento and began using cocaine. He eventually started embezzling from his former employer in an effort to increase his supply of cocaine. He was in debt approximately ten thousand dollars when he lost his job. Thereafter, he became involved with property and theft related offenses with Mr. Terry Warren and Mr. Meyer. It was through Meyer that he learned of the potential for financial gain as a result of robbing the victim. Cronk claims that he, Warren, and Meyer formed a conspiracy to rob the victim. In their original plan, they agreed to break into his residence and wait for him to return with money from his business. The trio had knowledge that the victim carried large amounts of cash, gold coins, and other valuable property in his suitcase, and a rather large diamond ring on his finger. They went to the residence armed with a Billy-club like bat, the aforementioned .38 caliber weapon and baby oil to slip the ring off the deceased victim's finger. They agreed Warren would remain down the street and ring the victim's phone to alert Cronk and Meyer of the victim's approach. For reasons unbeknownst to Cronk, the victim was able to arrive home without their notification. The victim was also able to enter the residence and surprise Cronk and Meyer while in the process of ransacking his home. The victim fired approximately six rounds at Cronk, two of which hit him. Cronk fell to the ground and drew his own weapon firing it from the hip. The single shot fired by Cronk struck the victim in the chest causing his death in approximately four to five minutes. Cronk fled and expected to be shot as he ran down the sidewalk. Cronk was bleeding profusely and lay down in some high grass across the street from the apartment complex. A short while later, Meyer came by in his truck, picked up Cronk and took him to Warren's house. Cronk states the events after the instant offense are blurred as he was in a tremendous amount of pain. Cronk acknowledges his part in the crime and accepts full responsibility. Cronk expressed deep regret for his actions and stated that he is deeply sorry for the victim's family and the grief that he has caused them. He does want the record to reflect he had originally planned this crime as a burglary only. He indicated he never dreamed it would end up as it did a murder.

3. Aggravating/Mitigating Circumstances:

A. Aggravating Circumstances:

- The prisoner actively planned (or was a willing participant) in the planning of the crime.
- The murder was committed by lying in wait.
- The prisoner had the opportunity to cease but continued with the crime.
- The prisoner used a weapon (.38 caliber pistol).
- The circumstances of the crime created potential for serious injury to others.

B. Mitigating Circumstances:

- The subject has minimal or no history of criminal behavior.

B. MULTIPLE CRIME(S):

This is Cronk's only commitment offense.

II. PRE-CONVICTION FACTORS:

A. Juvenile Record:

Cronk had no juvenile convictions.

B. Adult Convictions/Arrests:

9/11/75- Arrested by Waukesha, Wisconsin Police for Theft from an Auto. Cronk was convicted on 12/9/75 and ordered to pay a \$209 fine to the court.

7/16/81-Arrested by Sacramento Sheriff's Office for Homicide. Cronk was convicted of Murder in the 1st degree on 6/13/84 and sentenced to State Prison for a period of 27 years to Life (Instant Offense).

5/20/82-Charged by Sacramento Sheriff's Office for possession of narcotics in a jail facility and possession of a dangerous weapon. The charges were dismissed by Sacramento Superior Court.

C. Personal Factors:

Cronk was born on 12/20/55 to the parents of Donald and Marilyn Cronk. His father and mother are both deceased. Cronk was married to Mary Kreil in 1973. From this marriage one child, Kristen Cronk was conceived. This marriage ended in divorce in 1980. Cronk was remarried to Linda Hartman in 1987. From this marriage one child Samantha Cronk was born. This marriage ended in divorce. The POR indicates that the highest grade Cronk completed was the 11th grade. Records indicate that Cronk received his GED certificate through the American Correspondence Academy in Wisconsin. Cronk never served in the military. The POR indicates that Cronk was employed with Labries Waterbeds in Sacramento, California as a service manager from 1977 until 1980. Prior to this he was employed with Jason & Sons in Sacramento as a warehouse manager for 7 months in 1976. Case records indicate that Cronk started using cocaine in 1979 in high doses and abused alcohol. At the time of the instant offense he was using cocaine by smoking cocaine free-base at a very high dose level of 5 or 6 grams per day and drinking two to four six packs of beer per day.

III. POST-CONVICTION FACTORS:

A. Special Accommodations/Disability:

No special accommodations or adaptive services were required for the purpose of effective communication as required per Armstrong Remedial Plan II.

B. Custody History:

Cronk was received by the California Department of Corrections (CDC) on 06/13/84, at Northern Reception Center-California Medical Facility (NRC-CMF). While at NRC-CMF he was placed in restricted housing due to possible enemy concerns with the EME, BGF, and NF Prison gangs. Cronk appeared before the Institutional Classification Committee (ICC) on 6/21/84 due to his housing in T-Restricted. Cronk was retained in T-Restricted housing per his own request due to documented friction with prison gang elements while in Sacramento County Jail due to his involvement in drug smuggling activities. The case was referred to the Districted Attorney's office for prosecution. (This case was eventually dismissed by Sacramento Superior Court on 7/26/83). Cronk was retained in T-Restricted housing pending transfer to a general population program facility. Cronk was endorsed for transfer to San Quentin (SQ) on 7/31/84. Cronk was initially placed in Administrative Segregation (Ad/Seg) due to his prior placement at NRC-Ad/Seg. Cronk was released from Ad/Seg

and granted Close B custody. He was initially placed on the vocational waiting list and was subsequently assigned to the laundry department. Cronk was placed on Ad/Seg status on 10/31/85 pending investigation into a conspiracy to aid Inmate Thomas and Inmate Reach in an escape attempt. After a thorough investigation of case factors, it was determined that Cronk was not involved in the escape attempt. Cronk was subsequently removed from Ad/Seg status and placed in his former program. Cronk was removed from his assignment to the laundry department and was reassigned to the Vocational Electronic Program in 1986. Cronk's custody remained at Close B until 02/09/88, when it was lowered to Medium A. Cronk's classification score has been 0 since 05/27/93. Cronk has completed the Vocational Electronic Program at San Quentin in 1990. After completing the Vocational Electronics class, Cronk worked in the Inmate Day Labor (IDL) as an apprentice electrician. Since that time Cronk has held primarily clerical positions. Work supervisor's reports have consistently rated Cronk above average to exceptional. Numerous laudatory chronos are noted in his central file. Cronk custody remains at Medium A with a classification score of 19. It should be noted that the increase in points is non-adverse in nature, and is a result of a change in the California Department of Corrections scoring system. He is currently assigned to the Reception Center as the West Block Lieutenant's Clerk.

C. Therapy & Self-Help Activities:

Cronk has been involved in the following therapy and self-help activities per the laudatory chronos, which appear in his central file:

- Competency Certificate for the program of Electrical Construction and Maintenance 5/29/87.
- Certificate of Completion Electrical Construction and Maintenance Apprenticeship 12/15/89.
- Alcoholics Anonymous/Narcotics Anonymous 1/14/88, 7/05/01, 4/15/03, 7/2/03, 10/1/03.
- Alternatives To Violence Project-West Program (32 hours) 12/02/91. Kairos Prison Ministry Weekend 03/15/93.
- Victim's Awareness Program 8/21/96 and 5/6/93.
- High School Equivalency Certificate 07/27/93.
- Self-Esteem Enhancement (12 weeks) 3/94.
- Certificate of Achievement from the Institute In Basic Life Principles for completing the Basic Seminar 05/07/95.
- Certificate of Completion in Biblical Concepts of Evangelism 05/28/95. Certificate of Completion in Project I.M.P.A.C.T. 07/10/99.
- I.M.P.A.C.T. facilitator 11/5/03
- Overcomes OutReach-12 step recovery 7/11/02-7/1/01-10/3/01-3/30/01-1/16/03-4/17/03-5/13/03-7/10/03-10/16/03.
